12 tools

Newest first

Unit converter

Metric and imperial, both ways. Type a number, pick two units.

by [claire](#)84 KB

Split the bill

Divide a restaurant bill between people, with or without a tip.

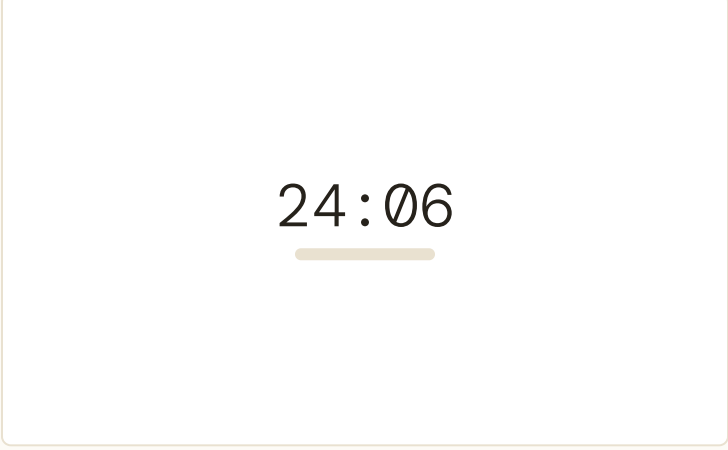

by [sam](#)31 KB

Colour picker

Pick a colour and copy its hex code. Shows a few that go with it.

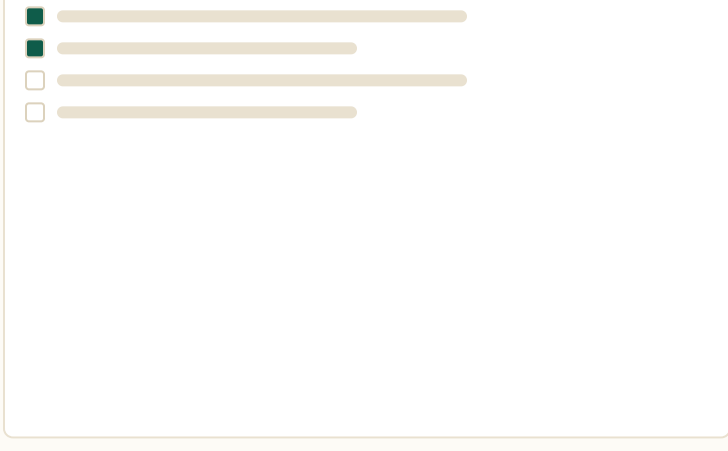

by [ade](#)46 KB

Reading timer

A quiet timer for reading sessions. It counts up, not down.

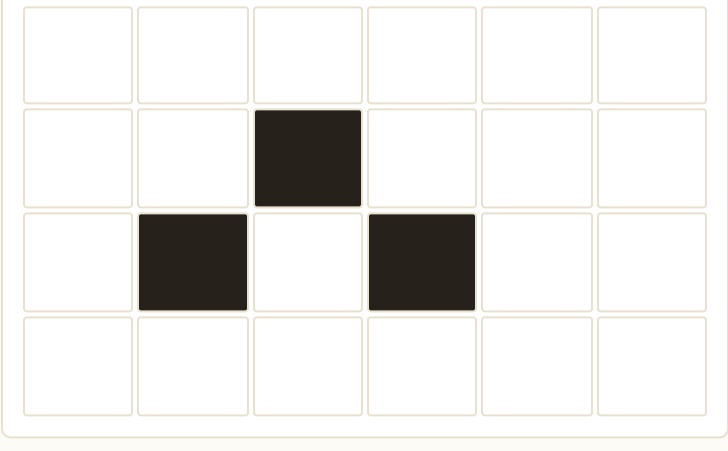

by [claire](#)22 KB

Packing list

Tick things off as you pack. The list stays put when you close it.

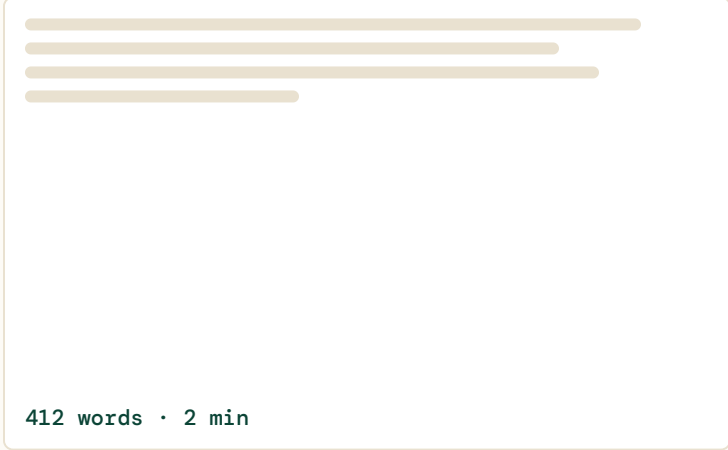

by [nadia](#)58 KB

Chord finder

Shows where to put your fingers for any guitar chord.

by [sam](#)1.2 MB

Word count

Paste text, see words, characters and how long it takes to read.

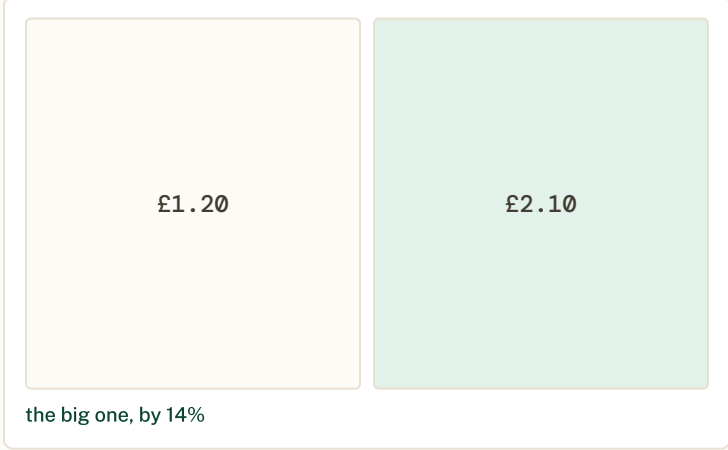

by [ade](#)18 KB

Dice

Roll any number of dice with any number of sides.

by [nadia](#)27 KB

Shopping maths

Which of two sizes is actually cheaper per gram. It tells you.

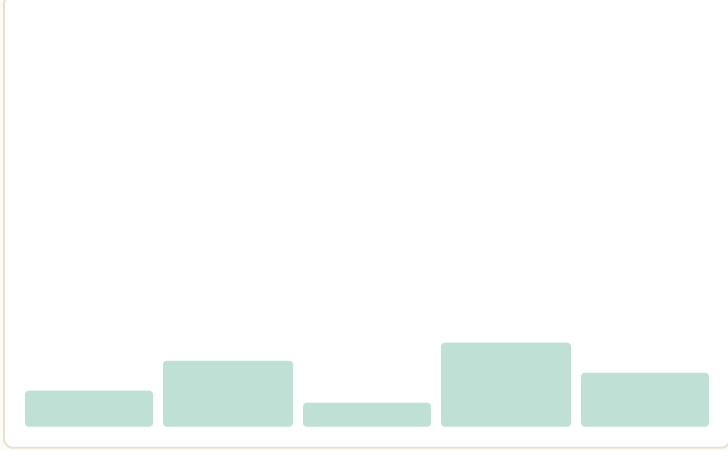

by [claire](#)35 KB

Name drawer

Put names in, draw one out. For secret santa and chores.

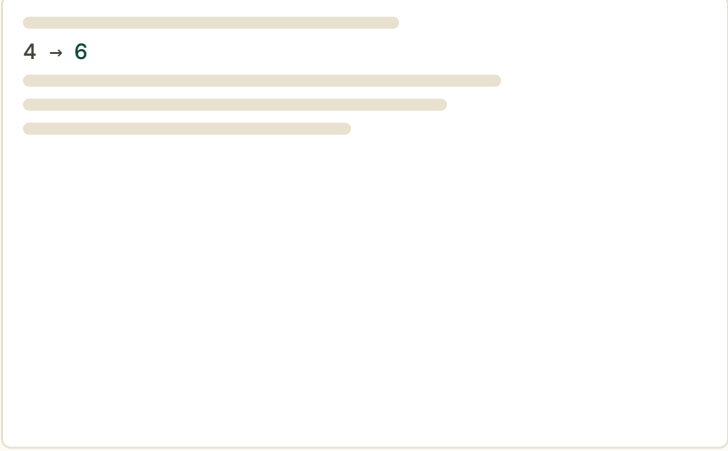

by [sam](#)24 KB

Interval trainer

Plays two notes and asks you what the gap between them is.

by [ade](#)612 KB

Recipe scaler

Cooking for six when the recipe serves four. Rewrites the amounts.
